

ANURAG HARISHANKER TIWARI

Full Stack MERN Developer · Java & React · Mumbai, India

+91 9028884500 | anuraqtiwari0132@gmail.com | github.com/ATPC1 | linkedin.com/in/anurag-tiwari208b712b6

PROFESSIONAL SUMMARY

Results-driven BSc-IT graduate (2026) with hands-on expertise in full-stack **MERN development** (MongoDB, Express.js, React.js, Node.js) and Java/Spring Boot. Proven ability to architect and deliver end-to-end web applications — real-time WebSocket systems, AI API integration, JWT/OAuth authentication, Redis caching, Docker deployments, and CI/CD pipelines. Known for clean coding practices, strong debugging instincts, and the ability to learn and adapt quickly. Actively seeking a full-time developer role to contribute to high-growth engineering teams.

EDUCATION

Bachelor of Science in Information Technology — University of Mumbai

Bhaskar Waman Thakur College of Science, Virar, Maharashtra · 2023 – 2026

Relevant Coursework: Data Structures & Algorithms, DBMS, OOP, Web Technologies, Software Engineering, Computer Networks, Cloud Computing

9.5 / 10 CGPA

Distinction Every Sem

TECHNICAL SKILLS

MongoDB: Mongoose ODM, Schema design, Aggregation Pipeline, Atlas Cloud, indexing & query optimisation

Java & Spring: Spring Boot, Spring Security, Hibernate ORM, REST APIs, MVC architecture, Maven build

Express.js: RESTful API design, middleware chains, error handling, rate limiting, CORS, Helmet.js security

Databases: MySQL (joins, relational schema design), MongoDB, Redis (caching, TTL, pub/sub)

React.js: Hooks, Context API, React Router v6, Axios, Recharts, React-Quill, Tailwind CSS, Vite build tool

DevOps & Tools: Git/GitHub, Docker & Compose, Nginx reverse proxy, GitHub Actions CI/CD, Postman, IntelliJ

Node.js: Event loop, async/await, clustering, Socket.IO (WebSockets), Multer file uploads, Nodemailer

Concepts: OOP, MVC, JWT/OAuth 2.0, WebSockets, System Design basics, Agile/Scrum methodology

PROJECTS

01. HyperCart — Multi-Vendor E-Commerce Platform

MongoDB · Express.js · React.js · Node.js · Socket.IO · Razorpay · JWT · GitHub Actions

- Architected a full-stack multi-vendor marketplace with **3 role-based dashboards** (Buyer / Seller / Admin) enabling independent product listing, order management, and analytics.
- Implemented **real-time inventory sync** via Socket.IO — stock levels update instantly across all sessions; integrated **Razorpay payment gateway** with full order lifecycle tracking.
- Secured all routes with **JWT + role-guard middleware**; deployed on Railway & Vercel with GitHub Actions CI/CD; stress-tested to **200+ concurrent users** using Node.js clustering.

02. HireLoop — AI-Assisted Campus Placement Portal

MongoDB · Express.js · React.js · Node.js · OpenAI GPT API · Multer · Cloudinary · Nodemailer

- Built a placement portal integrating **OpenAI GPT API** to auto-generate AI match-scores (0–100) comparing student profiles against job descriptions, **reducing manual screening by ~70%**.
- Developed PDF resume upload (Multer + Cloudinary), automated email notifications (Nodemailer), and an **Admin Panel** for drive management, company approval, and shortlist export.
- Designed a responsive **React.js** frontend with real-time notification badges, role-based route guards, and an analytics dashboard built with Recharts showing placement trends.

03. DevPulse — GitHub-Integrated Developer Portfolio & Analytics

MongoDB · Express.js · React.js · Node.js · GitHub OAuth 2.0 · Redis · Docker · Nginx

- Engineered a portfolio builder using **GitHub OAuth 2.0** that auto-populates profiles with live repo stats, language breakdowns, commit graphs, and star counts via GitHub REST API.
- Implemented a **Redis caching layer** (TTL: 15 min) reducing redundant GitHub API calls by **85%**; deployed with **Docker Compose** (Node + MongoDB + Redis) behind Nginx reverse proxy.
- Built public shareable profile pages with custom URL slugs, SEO metadata, and a rich-text blog section powered by React-Quill WYSIWYG editor with GitHub Actions automated builds.

CERTIFICATIONS & ACHIEVEMENTS

- Java Programming Masterclass** — Udemy, 2024 · Certificate of Completion
- Participated in **Smart India Hackathon (SIH) 2024** — College Level Round

- React.js – The Complete Guide** — Udemy, 2024 · Certificate of Completion
- Scored **Distinction (75%+)** in every semester throughout BSc-IT programme

- HackerRank Problem Solving (Basic)** — Certified, 2024
